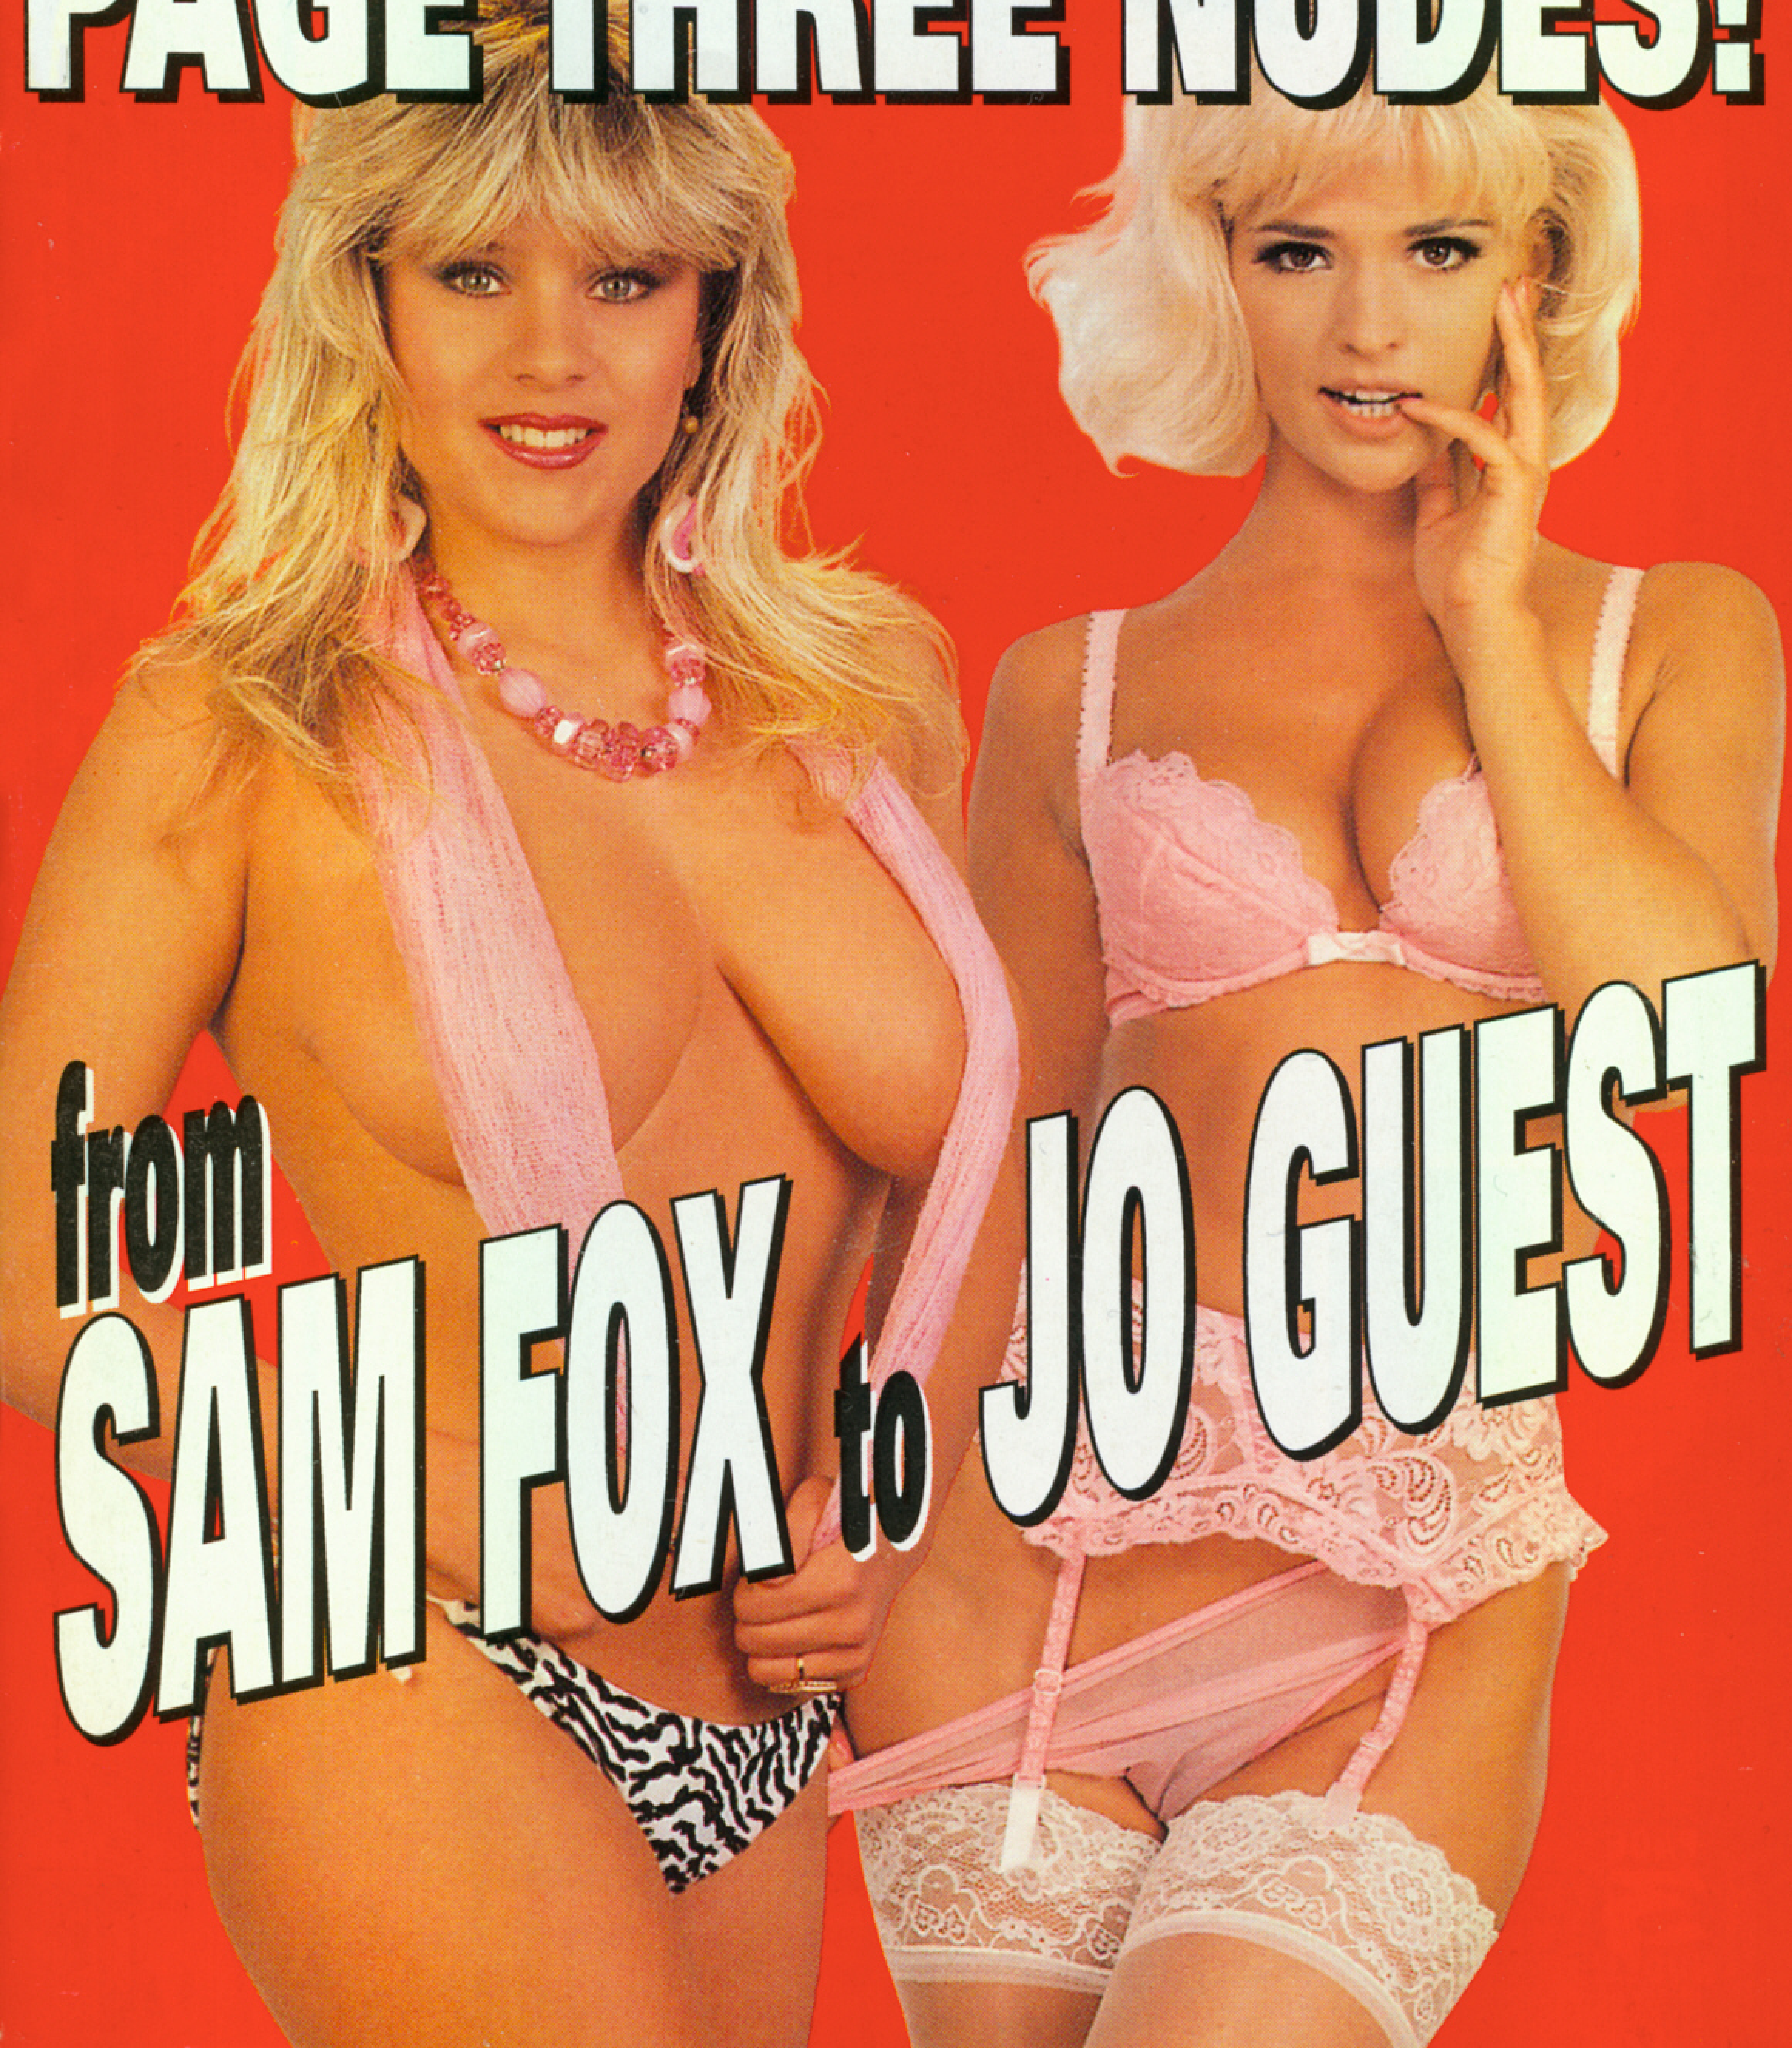
PAGE THREE NUDES!



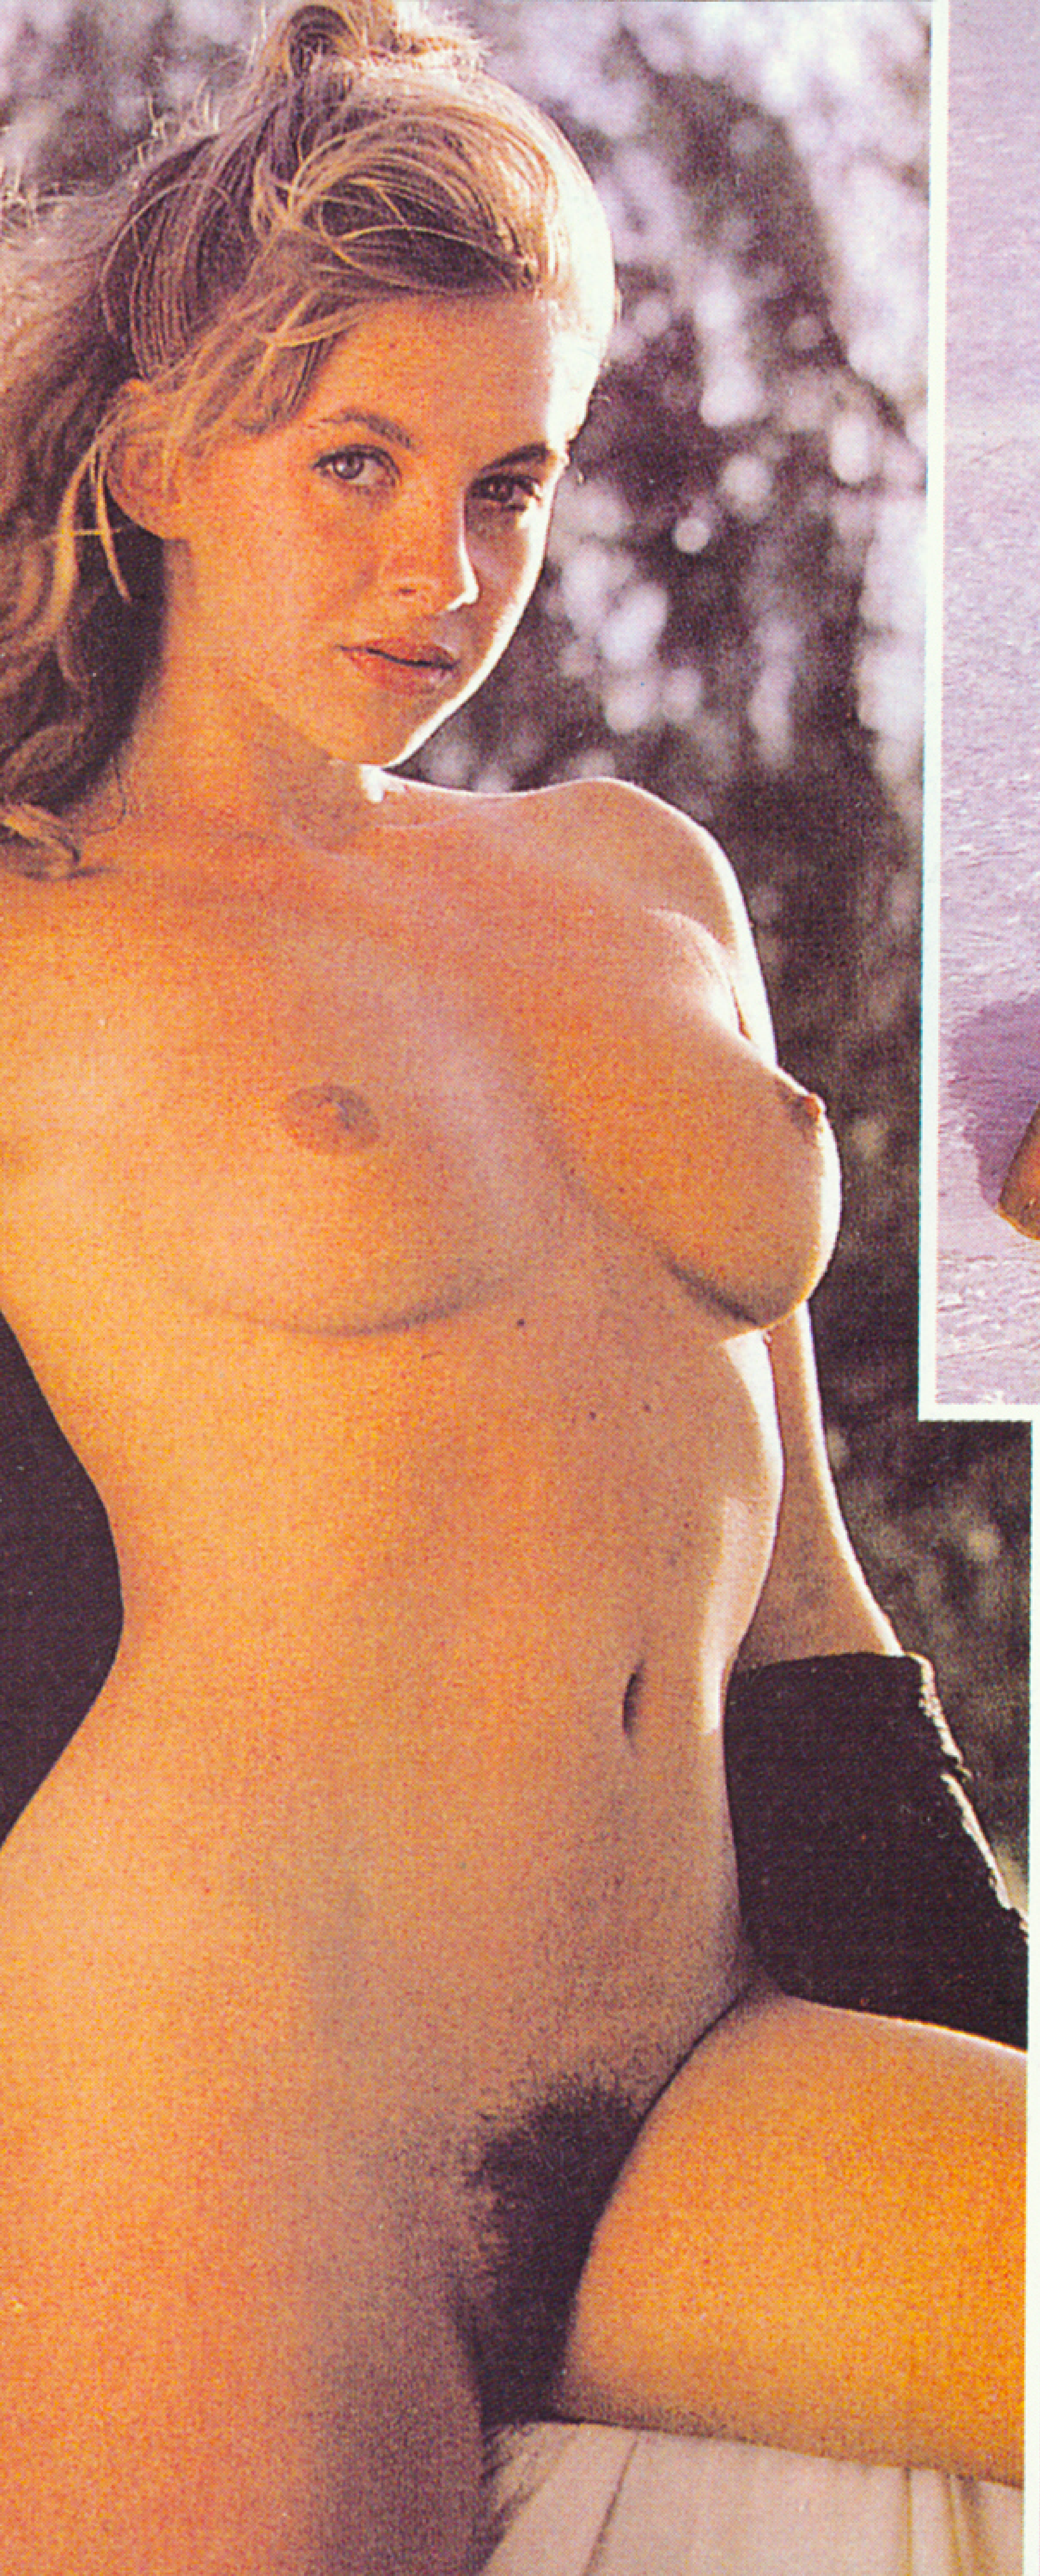
from SAM FOX to JO GUEST

Born April 15th, 1966 in the East End of London, 36DD-23-36 Cockney sparrow Sam became Britain's first superstar Page Three girl. A role model for future topless stunnas, she once had her boobs insured for £500,000 in case of accident! Sexy Sam retired from frontal flashing in 1987 to pursue a singing career after her first single, *Touch Me* (yes please!) shot to number one in 15 countries. But when further chart success eluded her, and viewers gave the thumbs down to her 1996 Eurovision entry, the five-foot-tall beauty signed up with *Playboy* to do a comeback centrefold shoot. The results proved that this beautiful born-again Christian is still very much a Fox...

SAM FOX

JO GUEST

Born February 22nd, 1973 in Chesterfield, Derby, 34B-24-34 Jo is probably the most well known of all 90's Page Three cuties. This beautiful blonde is a modern lad's wet dream because she drinks beer, loves football (she supports Derby County) and cites her fave food as bacon butties and chips! Robbie Williams said he wanted to marry her, and rock star Gary Hughes dedicated his song *Blonde Angel* to Jo. She starred in Blur's *Country House* video and was one of the ring girls when Frank Bruno became world champ at Wembley. These days you can see Jo every month in our saucy sister publication, *Men's World*...



Born in Clapham 27 years ago, raunchy Rachel first flashed her perfect 34-24-34 figure for tabloid tossers at the tender age of 17. Since then she's gone on to become one of the UK's most popular top shelf models. Rachel gave up modelling in 1991 to marry a photographer and become a mother. She now has ambitions to be an actress, and recently appeared dressed as a pussycat in the BBC's acclaimed drama, *Our Friends In The North*.

RACHEL GARLEY

Scottish-born Kirsten is 29-years-old and another firm favourite with the *Loaded* crowd. The 36-24-34 beauty can apparently drink any bloke under the table, likes *Die Hard*-style action flicks and supports Celtic football team. Well, nobody's perfect. As well as those stunning blonde good looks she has a university degree in English and eventually intends to give up modelling to pursue a career in television journalism. You can currently see her as the presenter of a Live TV sports programme, and she's easily the most professional thing about it!

SHANINE LINTON

One of Britain's busiest glamour models, Shanine's fan club has 7,000 members. The gorgeous 34-24-34 blonde was born in Leicester and started out as a tabloid favourite at the age of 16. Five years later, she's still so busy with *The Sun* and *The Sport* that she refuses to do any sets for men's magazines. She does make videos though, and titles like *Teenage Sex Kitten* and *Teenage Baby Doll* reveal that Shanine's strongest points are nothing to do with acting!

LINDA LUSARDI

The best-known Page Three girl apart from Sam Fox, leggy Linda has always been a bit vague about her age, though it has to be said this bouncy brunette with a 34-24-34 figure looks terrific for someone who's obviously the wrong side of thirty. The London-born lovely gave up the glamour game in 1990, but like Sam she has managed to retain her celebrity status, fronting best-selling exercise videos and appearing on vacuous TV quiz shows such as *Celebrity Squares* and *Give Us A Clue*. Not bad going for a gal whose sole claim to fame is whipping her tits out in public. In real life she's married to the poofy hairdresser bloke on *Brookside* and says she'd be 'made up' to get a part in the Mersey soap. Come on lads, calm down, calm down!

GAIL McKENNA

Liverpool's most famous Page Three export, this gorgeous 36-24-36 brunette still looks great at the age of 30, though she sadly elbowed topless modelling six years ago to pursue the obligatory singing career. Gail has a nice pair of lungs as you can see, but the public prefer to stare at them than hear them. She recently decided to have a crack at being a TV presenter, enduring a baptism of fire on notoriously disaster-prone Live TV. Luckily she survived the experience and has moved onward and upward to co-present a weekly sports report on Channel 5. Our verdict? She has better tits than Jimmy Hill!

LINSEY DAWN McKENZIE

Born August 7th, 1979 in Wembley, megaboobed Linsey first unveiled her stonking 37FF-24-31 figure for the tabloids at the tender age of sixteen. Her sister Alison is also a top model, and family-oriented Linsey's right arm is tattooed with the word 'mum'. She hit the headlines in a big way when she streaked at a pop soccer match in front of Jarvis Cocker, it's a wonder he didn't jump up and join her! Recently the 'News Of The Screws' has been full of her kiss-and-tell exploits with soccer star Dean Holdsworth, whose ball control Linsey rubbished on *The Girlie Show*.

NUDES!

Described by *The Sun* as 'A Page Three girl for the Thrillenium!', busty blonde Melinda has come from nowhere to be flavour of the moment in the glamour girl stakes. Last year she was a £23,000-per-annum office girl, but her earning capacity suddenly shot into orbit when she was dubbed the new Sam Fox by slobbering tabloid hacks. The press can't seem to decide whether the Swindon-born sexpot is 22, 25 or 26-years old, or even whether she's a C, a D, or a DD cup, though she supposedly had a boob job recently to boost our confidence! Smarter than your average glamourpuss, Melinda has 11 O'Levels and is currently making a big splash as a guest presenter on *Eurotrash*. Luckily they don't dub her with one of those godawful country bumpkin accents!

CINDY MILO

Another veteran Page Three stunna who caused many a *Sun* reader to spread marmalade over their tie at the breakfast table. Cindy was born in Manchester 31 years ago and says that she uses Guinness to enhance the size of her breasts; a useful tip she discovered after smearing it on for a TV commercial. You've got to love this gal, because even though she's had a singing and dancing career and has been an extra in *Eastenders* and *The Hale And Pace Show*, she is still happy to take her clothes off for the fans in soft porn videos and photo sets. Cindy's latest venture is managing a lookalike all-girl band called 'The Spicy Girls!'

Born September 9th, 1974, 34B-24-34 blonde Kirsty was one of the most popular of Page Three girls of the early 90s, getting 10,000 fan letters a week at the height of her fame, according to *The Sun* (and would they lie?). Nobody seems to know what happened to her after she stopped doing modelling work in 1995. A total exhibitionist, she once apparently upset an elderly motorist when she flashed her boobs and bum on the M1. Hmm. We bet he got on the horn.

CHARMAINE SINCLAIR

Delightfully dusky Charmaine Sinclair is surely Woking's most exotic export! The 34D-23-34 sizzler was born there in 1971 and starred in lots of soft porn movies before regular Page Three exposure of her mouth-watering threepenny bits made her into Britain's most famous black model. A regular favourire in *Mayfair*, Charmaine has also made a number of hardcore epics on the continent which don't seem to have done her career any harm at all. She hit the headlines last year when she was seen out and about with visiting film star Robert De Niro, and later described him as 'a washout' in bed. 'You talking about me?' asked Bob.

ADELE STEPHENS

PAGE 3 NUDES!

Born Adele Holbrook on January 12th, 1974, this popular former Page Three regular lists her hobbies as swimming and motor bikes. Her silicone-assisted measurements are 35DD-24-34 and she has apparently dated a number of well-known soap actors, though she says she would never kiss-and-tell. Adele has been taking a break from modelling lately to concentrate on acting lessons, and her big ambition is to appear in *Coronation Street*, preferably as a barmaid in The Rover's Return. We're sure that even Percy Sugden would get a stiffy with a babe like Adele pulling the pints!

RACHEL TER HORST

Two lips from Amsterdam we'd love to plant a smacker on, this delightful Dutch damsel admits to being 27 years old and sexually very demanding! Though she caused quite a stir as a Page Three model, she's even more popular through the explicit magazine work she does on the continent, where you can even buy Rachel calendars. She was offered a lucrative *Playboy* contract last year, but it was cancelled when the magazine found out about all the rude mags she'd been doing.

"I love to experiment in sex and enjoy being handcuffed", says Rachel, and her big ambition is to be an actress on a popular British soap. *The Bill*, maybe?

MARIA WHITTAKER

Born September 30th, 1970, in Heston, Middlesex, 38D-24-34 Maria was known as 'Witty Titty' at school for fairly obvious reasons, although she once said: "I wish I could unscrew my breasts, put them away somewhere and go out without them." Voted 'Page Three Girl Of The Year' in 1988, this firm favourite among connoisseurs of top-heavy stunnas gave up modelling in 1990 to pursue a singing career. She hasn't had a pop hit yet, but Maria's still top of the floppies in our book!
